

MUGEN TYPE R PARTS LIST

|                                | Parts name  | Specification  | Parts number           | Installati on time | TYPE R   | Releasing day   | Note   |  |
|--------------------------------|---|--|------------------------|--------------------|----------|---|--|--|
| Exterior                       | FRONT UNDER SPOILER   | Vacuum molded PPE  | Gloss black            | 71110-XNRC-K0S0-BG | 1.0H     | ○   | 19/4/24  |  |
|                                |   |  | Unpainted              | 71110-XNRC-K0S0-ZZ | 1.0H     | ○   |  |  |
|                                | SAIDE GARNISH   | Vacuum molded PPE  | Gloss black            | 75300-XNRC-K0S0-BG | 1.0H     | ○   |  |  |
|                                |   |  | Unpainted              | 75300-XNRC-K0S0-ZZ | 1.0H     | ○   |  |  |
|                                | REAR UNDER SPOILER  | Vacuum molded PPE  | Gloss black            | 84111-XNRC-K0S0-BG | 1.0H     | ○   |  |  |
|                                |   |  | Unpainted              | 84111-XNRC-K0S0-ZZ | 1.0H     | ○   |  |  |
|                                | REAR WING (GFRP+CFRP)   | Main wings GFRP Wing tips CFRP with MUGEN logo   | Unpainted              | 84112-XNRC-K0S0    | 0.8H     | ⊖   |  | The end of Sep   |
| FRONT BUMPER GARNISH           | RIM molding Urethane resin  | Gloss black  | 71200-XNRC-K0S0        | 1.5H               | ○        | The end of Jul  |  |  |
| LED TAIL LIGHTS                | UNDER DEVELOPMENT   |  |                        |                    |          |   |  |  |
| Performance                    | SPORTS EXHAUST SYSTEM   | UNDER DEVELOPMENT  |                        |                    |          |   |  |  |
|                                | HE-PERFORMANCE OIL ELEMENT  | Pressure loss up to 10% improvement (compared to normal)                                   | 15400-XK5B-0100        | 0.3H               | ⊖        |   |  |  |
| Handling                       | 19-INCH ALUMINUM WHEEL "FR10"   | 19 × 8.5J PCD120mm inset 60mm  | Diamond black          | 42700-XNRC-9950-60 | 0.7H/1.8 | ⊖   | The end of Aug   | Standard equipment wheel nuts and factory supplied wheel nuts cannot be used. Tapered wheel nuts are required for installation.  |
|                                | WHEEL CENTER CAP "無限"   | MUGEN logo φ70   | Black/Silver           | 42710-XNRC-00S0-SV | -        | ○   |  |  |
|                                |   |  | Black/Gold             | 42710-XNRC-01S0-BK | -        | ○   |  |  |
|                                | WHEEL CENTER CAP "BBS"  | BBS Genuine φ70  | Red/Gold               | 42710-XNRC-01S0-RD | -        | ○   |  |  |
|                                |   |  | Black                  | 08183-XGB-K0S0-BL  | -        | ⊖   |  | Sold in packs of 4. Please note the number ordered for one car. Cannot be used on standard equipment aluminum wheels. This product is a tapered wheel nut.                                   |
|                                | RACING NUT  | SOM435(chrome molybdenum steel) M14x1.5 L=44 with MUGEN logo, 4 sets                       | Black                  | 08184-XGB-K0S0-BL  | -        | ⊖   |  | Please note the number of racing locknuts and racing nuts ordered in combination. This product cannot be used on standard equipment aluminum wheels. This product is a taper type wheel nut. |
|                                | RACING LOCK NUT   | SOM435(chrome molybdenum steel) M14x1.5 L=44 with MUGEN logo, key adapter included, 4 sets | Black                  | 08184-XGB-K0S0-BL  | -        | ⊖   |  |  |
| WHEEL NUT & LOCK SET (tapered) | 16 sets wheel nuts + 4 lock nuts  | Silver plating   | 08181-MZ3-K0S0-S       | -                  | ⊖        | Available   | Cannot be used with racing nuts/racing locknuts at the same time. Cannot be used with standard equipment aluminum wheels. This product is a tapered wheel nut. |  |
| PERFORMANCE DAMPER®            | FRONT/REAR SET  |  | 50460-XNRC-K0S0        | 2.0H               | ○        | 19/4/24   |  |  |
| Braking                        | BRAKE PADS TYPE S -SPORTS-  | For front, right and left set  | 45022-XNRC-K000        | 0.5H               | ⊖        | The end of Jul  |  |  |
|                                |   | For rear, right and left set   | 43022-XNRC-K000        | 0.6H               | ⊖        |   |  |  |
|                                | BRAKE PADS TYPE C -COMPETITION-   | For front, right and left set  | 45022-XNRC-K100        | 0.5H               | ⊖        |   |  |  |
|                                |   | For rear, right and left set   | 43022-XNRC-K100        | 0.6H               | ⊖        |   |  |  |
| HE-PERFORMANCE BRAKE FLUID     | Dry boiling point 317° C Wet boiling point 202° C   | 500ml can  | 90000-XYB-B100         | -                  | ⊖        | Available   |  |  |
| Ventilation                    | VENTILATED VISOR  | Acrylic, smoked type, with MUGEN emblem  | Front/Rear 4 sets      | 72400-XNR-K1S0     | 0.4H     | ○   | Available  |  |
